ICY BOX Forcefully Expands USB 3.0 Program

A New Hub and two 2.5" Enclosures

The ICY BOX USB 3.0 portfolio is growing in width and depth. Now ICY BOX has added an active hub and two external enclosures for 2.5" SATA HDDs.

Until today a lot of mainboards with USB 3.0, the new fast standard for peripheral data transfer, has become available. Also manufacturers of PCs and laptops are offering more and more devices with this standard. Around Christmas and from Christmas on there will be a lot of thinking about USB 3.0.

The new USB 3.0 hub IB-AC610 has a USB 3.0 Micro B interface to the host and four interfaces (type A) to peripherals. The 5 V power supply is included. The casing is made of brushed aluminium, colour anthracite, solid, and looking valuable.

The new ICY BOX IB-230StU3-G is made of the same material and comes in in a fitting design. This external enclosure is for a 2.5" SATA HDD. Under the hard shell, the soft core is hidden. That means there are rubber bumpers to protect the HDD from impact and vibration.

The ICY BOX IB-223StU3+ Wh/B is different. Here the elastic protection is a silicon frame on the outer shell. This enclosure for a 2.5" SATA HDD comes in black or white. Accordingly the product name either ends with "Wh" or "B".

ICY BOX card-readers with multi-port front panel providing also USB 3.0 ports will be available this year too.

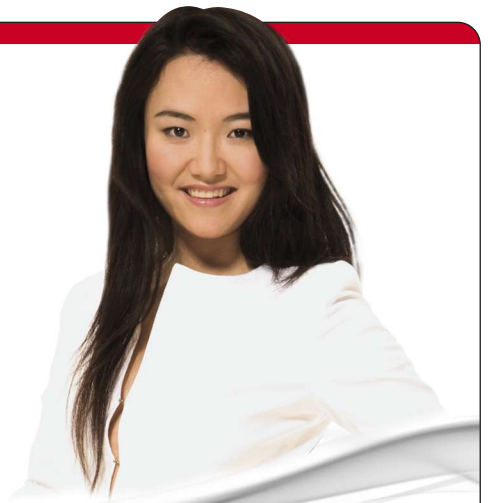

Price recommendations incl. VAT in Euro

IB-AC610: 42.90; IB-230StU3-G: 26.90; IB-223StU3+ Wh/B: 22.90

Including silicone protection sleeve ▶

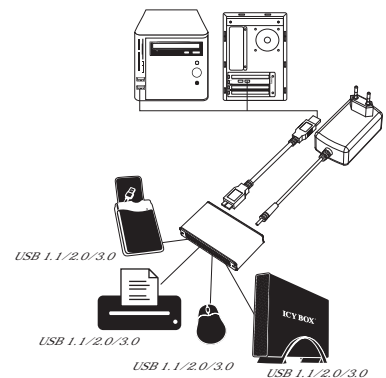

ICY BOX IB-223StU3+ Wh/B

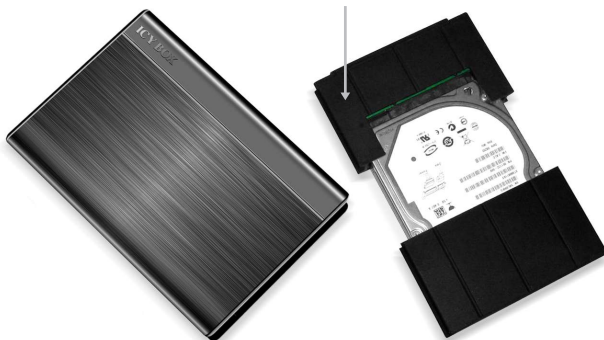

- Premium hard synthetic material (Polycarbonate)
- USB 3.0 up to 5 Gbit/s
- Downwardly compatible with USB 2.0/1.1
- USB powered – no power supply necessary
- LED for power and HDD access
- HDD up to 9.5 mm height
- Capacity no limit
- Plug & Play and Hot Swap
- Including silicone protection sleeve

ICY BOX IB-AC610

- 4x USB 3.0 Type A connectors for device
- 1x USB 3.0 Type Micro-B connector
- Transfer rate up to 5 Gbit/s
- Stable aluminium case
- Plug & Play and Hot Swap
- Incl. 5 V / 3.5 A power adapter
- Incl. a USB 3.0 cable for connecting to PC
- Downwards compatible to USB 2.0, 1.1

Rubber inlays for vibration and shock reduction

ICY BOX IB-230StU3-G

- Aluminium case with rubber inlays for vibration and shock reduction
- Appropriate for 2.5" SATA HDD up to 9.5 mm height
- USB 3.0 up to 5 Gbit/s
- Downwardly compatible with USB 2.0/1.1
- LED for power and HDD access
- HDD capacity unlimited
- Plug & Play and Hot Swap
