Packing content

1x IB-AC603L-U3, 1x manual

Blue-tiful hard disk adapter

The ICY BOX IB-AC603L-U3 is the perfect helper when a 2.5" SATA hard drive must be quickly connected. It does not even matter whether you want to connect it to a computer, laptop, media player or smart TV: The wide spread universal USB port allows you to connect to almost any device. And all that is done via a fast USB 3.0 port with transfer rates of up to 5Gbit/s but of course still downward compatible. The power is supplied via USB itself. The adapter's blue illumination gives important information regarding the status - when the LED shines, the HDD is ready, when the HDD blinks, there is data activity.

Technical data

Article No. 70630
EAN code 4250078188803

Operating system OS independent
Transfer rate USB 3.0 up to 5 Gbit/s
LED Power: blue lightning
 Access: blue light flashing

ICY BOX **IB-AC603L-U3** External enclosure for 2.5" SATA HDD/SSD

For the little ones

The HDD adapter provides a slot for a 2.5" SATA HDD or SSD and can be connected via USB 3.0 to the computer or laptop.

May the force be with you

A visual highlight is the blue lighting of the USB connector in combination with an LED that indicates operation and access of the hard drive. Nothing can go wrong! Blue is the colour of the „good guys" after all - or have you ever seen a Sith with a blue lightsaber?

When there is little time

The HDD can be connected via HotSwap to swap it out very fast. Furthermore, no drivers are required (Plug & Play). That means: Connect the disk, connect the USB to a PC and there you go.

Logistical data

Packing unit: 60 pcs./carton
Total weight: 6.5 kg/carton
