

# ICY BOX IB-SPL1025-TB3

## Thunderbolt™ 3 to dual DisplayPort™ graphics splitter

### Key features

- Ideal for multi-display and TV-wall application
- Works with any computer with Thunderbolt™ 3 output connectivity
- Enable two 4k@60 Hz DisplayPort™ monitors working simultaneously or one 5k@60 Hz DisplayPort™ monitor
- Resolution up to 2x 4096x2160@60 Hz or 1x up to 5120x2880@60 Hz
- Support video mirror or extension mode for two monitors

### Packing content

1x IB-SPL1025-TB3, 1x manual

## 2 for 1

The IB-SPL1025-TB3 video splitter is an innovative, external multi-display adapter that allows end users to enjoy multiple monitors from a single Thunderbolt™ 3 source for each application, such as gaming, graphics design or spreadsheet analysis. Users can choose to dedicate each monitor to a separate application.

This DisplayPort™ graphics splitter lets clone your primary display and function as a 2 port DisplayPort™ video splitter and requires no software installation for multi-display applications, Plug & Play, simplifying configuration and saving time. It works for any computer with Thunderbolt™ 3 connectivity and Windows® or macOS® operating system.

### Technical data

<b>Model</b>	IB-SPL1025-TB3
<b>Article no.</b>	60261
<b>EAN / GTIN code</b>	4250078165910
<b>Brand</b>	ICY BOX
<b>Colour</b>	Black
<b>Material</b>	Aluminium, PC
<b>Chipset</b>	DSL6540
<b>Input interface</b>	1x Thunderbolt™ 3, Type-C™
<b>Output interface</b>	2x DisplayPort™
<b>Resolution</b>	Up to 5120 x 2880@60 Hz /one monitor Up to 4096 x 2160@60 Hz /two monitors
<b>Cable length</b>	Integrated cable, 26 cm

### Power supply Operating system System requirements

Bus powered via Thunderbolt™ 3, 15 W  
Windows®, macOS®

Important: Your computer must support Thunderbolt™ 3 in order to work with this adapter.

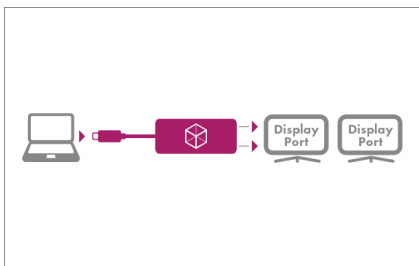

- 1x Thunderbolt™ 3 enabled Windows® / macOS® computer
- 2x DisplayPort™ enabled 4K monitors with cabling or 1x DisplayPort™ enabled 5K monitor with cabling.

While Thunderbolt™ 3 utilizes the USB Type-C™ connector, not all USB Type-C™ interfaces support Thunderbolt™ 3. Please check the specifications of your computer system to confirm which USB Type-C™ ports on your computer support Thunderbolt™ 3.

DisplayPort™ and the DisplayPort™ logo are trademarks owned by the Video Electronics Standards Association (VESA®) in the United States and other countries. Thunderbolt and the Thunderbolt logo are trademarks of Intel Corporation in the U.S. and/or other countries.

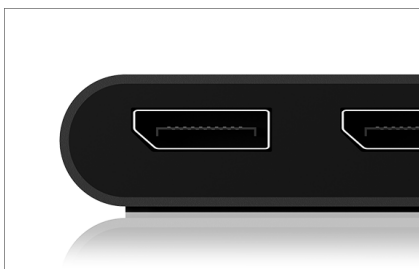

# ICY BOX **IB-SPL1025-TB3** Thunderbolt™ 3 to dual DisplayPort™ graphics splitter

## Thunderbolt™ 3

Thunderbolt™ 3 provides connectivity with top speed and versatility. It has twice the bandwidth of Thunderbolt 2 and combines data transmission, video output and power supply in a single, compact port. By integrating USB Type-C™, the fast Thunderbolt™ 3 port has become even more practical since it can be connected in any orientation, making it a truly universal port.

## High resolution

The IB-1025-TB3 allows resolution of up to 4096x2160@60 Hz per monitor with two 4K-capable monitors connected via DisplayPort™ and double your high resolution experience.

## MST function

With the two DisplayPort™ connectors, you can mirror or expand your main screen. If your system also supports the MST mode, you can display the same or different content on the additional monitors.
